WARRANTIES***

Keep your family in energy-efficient comfort for years to come.

HVAC Direct™ HPG13 Packaged Gas/Electric Unit provides value and cutting-edge technology to homeowners and small businesses while helping to lower energy bills as compared to lower SEER units. Plus, our extensive product offering ensures that you get the right system for your specific cooling and heating needs.

HVAC Direct™ brand Packaged Units sit on the ground or rooftop outside your home or business and deliver quiet, year-round cooling and heating comfort from a single, self-contained unit. The energy-efficient HVAC Direct™ HPG13 Packaged Gas/Electric Unit operates as an electricity-powered air conditioner during the summer, and a gas fueled furnace during winter. All units come fully charged and tested direct from the factory.

Reliability and Longlife

One of the most critical components of a packaged gas/electric unit is the heat exchanger. Our patented, aluminized-steel tubular heat exchangers provide incredible durability and heating capacity. Additionally, the HVAC Direct™ HPG13 Packaged Gas/Electric Unit utilizes a reliable Direct-Spark Ignition system and integrated controls with on-board diagnostics, plus a combination redundant gas valve and regulator for further safety and reliability.

Our HPG13 Packaged Gas/Electric unit also boasts a high-performance, energy-efficient compressor, which operates in tandem with our high-efficiency coil. The coil is made of refrigeration-grade copper tubing and aluminum fins in a design that maximizes surface area. These high-quality components together cool your home effectively while saving you money on your energy bills as compared to lower SEER units!

Solid Warranty Protection*

HVAC Direct™ HPG13 Packaged Gas/Electric Units have a 20-Year Heat Exchanger Limited Warranty* and a 10-Year Parts Limited Warranty* for the compressor and all other functional parts.*

For even greater peace of mind, ask your dealer or visit our web site at www.hvacdirect.us for more details about HVAC Direct™ affordable Parts and Labor Extended Service Plan for your entire HVAC Direct™ brand HVAC system.†

Exceptional Quality

You can depend on well-designed, top-quality, thoroughly tested products, backed by what we believe to be some of the best standard warranties and extended service plans in the industry.

Our production facilities are focused on strict, quality-driven processes. This quality focus ensures a trouble-free installation and long product life.

Additional Information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

Impressive Features and Benefits: HVAC Direct™ Brand HPG13 PACKAGED GAS / ELECTRIC UNIT

- 20-Year Limited Warranty* on the Heat Exchanger
- 10-Year Parts Limited Warranty*
- High-quality, energy-efficient compressor
- Durable, corrosion-resistant aluminized steel tubular heat exchanger
- Fully charged R-410A system
- High-quality coil made of refrigeration grade copper tubing and aluminum fins protected by a louvered cabinet/coil guard
- Quality powder-paint finish resists fading and corrosion
- Fully insulated blower compartment for quiet operation
- Meets California low-NOx emissions requirements

* To receive the 10-Year Parts Limited Warranty and Lifetime Heat Exchanger Limited Warranty, online registration must be completed within 60 days of installation.

Online registration is not required in California or Quebec. Full warranty details available at www.hvacdirect.us.
